Chapter 280: The Divine Abilities of the Twelve Divine Beings

The Twelve Divine Beings, as the supreme entities of the multiverse, possess unparalleled godly powers categorized into eleven primary domains. Their abilities reflect their divine nature and roles, with Sung Jin-Woo standing as the most powerful among them.

---

1. Creation and Destruction

Creation:

Ability to create matter, energy, realms, and life from nothing.

Crafting divine tools, worlds, and entire universes with infinite precision and detail.

Destruction:

Absolute annihilation of matter, energy, souls, and even abstract concepts such as time, space, and existence itself.

Erasing entities, realms, and objects permanently from the fabric of reality.

---

2. Reality Manipulation

Reality Warping:

Reshaping the laws of physics, logic, and causality at will.

Making the impossible possible, bending reality itself.

Dimensional Manipulation:

Creating, merging, or obliterating dimensions and alternate realms.

Cosmic Manipulation:

Absolute control over celestial phenomena such as stars, galaxies, black holes, and cosmic storms.

---

3. Time and Space Control

Time Manipulation:

Freezing, reversing, accelerating, or looping time across infinite scales.

Existing independently of time, unaffected by its flow.

Space Manipulation:

Generating wormholes, teleporting across dimensions, or folding space into new forms.

Expanding or contracting spatial dimensions to infinite extremes.

Temporal Omniscience:

Seeing all past, present, and future timelines simultaneously with perfect clarity.

---

4. Energy and Elemental Control

Primordial Energy Control:

Mastery over raw cosmic or divine energy, capable of shaping creation and destruction alike.

Elemental Mastery:

Command over all elements—fire, water, earth, air, lightning, ice, and more.

Creating storms, volcanoes, or oceans with mere thoughts.

Chaos Energy:

Harnessing unpredictable and destructive forces of chaos for devastation or creation.

Void Manipulation:

Control over the nothingness between realms, erasing or shielding existence.

---

5. Divine Authority

Dominion:

Absolute command over subordinates, realms, and even universal laws.

Enforcing loyalty and obedience across multiversal hierarchies.

Judgment:

Power to assess, reward, or punish souls and entities with divine authority.

Blessings and Curses:

Bestowing divine boons or imposing eternal curses that transcend time and space.

---

6. Life and Death

Life Creation:

Breathing life into beings, realms, or reviving the dead with divine will.

Death Inducement:

Instantly ending life or obliterating souls beyond resurrection.

Soul Manipulation:

Shaping, controlling, consuming, or granting freedom to souls across realms.

Immortality:

Eternal existence immune to decay, destruction, or mortal afflictions.

---

7. Perception and Knowledge

Omniscience:

Knowing all that exists, from the grandest truths to the smallest details.

Reading thoughts, intentions, and hidden truths of all beings.

Cosmic Awareness:

Perceiving all events and occurrences across the entire multiverse simultaneously.

Foresight:

Predicting future events with unerring accuracy, understanding infinite possibilities.

---

8. Physical and Cosmic Influence

Omnipresence:

Existing everywhere at once, across infinite dimensions and timelines.

Omnipotence:

Possessing infinite power, unmatched and without limitations.

Form Manipulation:

Shifting appearance at will, even appearing differently to each observer.

---

9. Divine Combat Abilities

Weapon Summoning:

Manifesting divine weapons—swords, scepters, bows, and others—instantly.

Reality-Shattering Attacks:

Strikes capable of breaking realms, timelines, or universes.

Supreme Reflexes:

Instantaneous reactions to any threat, moving faster than time itself.

Invincibility:

Immunity to mortal, magical, and divine attacks.

---

10. Conceptual Control

Fate Manipulation:

Rewriting destinies and shaping outcomes according to divine will.

Existence Control:

Deciding who or what exists, and who ceases to exist.

Law Manipulation:

Altering or rewriting fundamental laws governing reality, time, or existence.

---

11. Abstract and Unique Abilities

Balance Manipulation:

Maintaining equilibrium between chaos and order, light and darkness.

Emotion Manipulation:

Amplifying or controlling feelings such as fear, hope, or love.

Dream Control:

Shaping, entering, or influencing dreams across the cosmos.

Divine Evolution:

Continuously ascending to higher states of power, breaking limits endlessly.

The Unmatched Power of Sung Jin-Woo

While all Twelve Divine Beings wield these abilities, Sung Jin-Woo surpasses them with his unparalleled might:

His twelve wings, divine jewel, and countless inner worlds elevate his strength to infinite levels.

His connection to all creations, clones, and systems grants him omnipotence beyond imagination.

His ability to manipulate life, death, creation, destruction, and every aspect of existence places him at the pinnacle of divinity.

In the hierarchy of the Divine Beings, Sung Jin-Woo is the ultimate power, the God of Shadows, Life, Creation, and Abundance, whose authority spans across infinite multiverses.
